USED CLOTHING DROP-OFF

+ Cleaning Supplies, Toys, Etc.

As some of you may already know, the red shop building across the street from the store is now being used as a public place to drop-off any of your used clothing.

But we would also like to inform and encourage community members that it can also be used to drop-off any household items such as:

- cleaning supplies, tools, toys
- working appliances (waffle makers/toasters/etc.) *broken appliances dropped-off at the tank*

- Garden Supplies
This will give opportunity for us to be able to share these items with each other.

Drop-off times are 24-7, the front door is always open to the public, so please feel free to stop-by there anytime either to drop-off items or to look around and see if there might be something you could use!
